The WBO shall not allow direct return fights, unless recommended by the World Championship Committee and authorized by the Executive Committee. A direct return fight is a fight between the new Champion and the former Champion from whom the new Champion won the title (**or between a new Champion and the losing Contestant in a Vacant Title Fight**), before the new Champion defends his title against any of the other fighters classified in his category. If the World Championship Committee determines either that the resolution of a Championship Contest was substantially irregular, or that there was a clear misapplication of the rules of boxing resulting in a manifest unfairness, such that in either case the World Championship Committee determines that the Championship was substantially unresolved, the World Championship Committee may, in its discretion, recommend a direct return fight, which may be authorized only

by the majority vote of the Executive Committee. The World Championship Committee may recommend a direct return fight for any other circumstance; in that event a direct return fight shall only be authorized by the affirmative vote of not less than 75% of the Executive Committee.'

**NOW THEREFORE IT IS RESOLVED** by the WBO World Championship Committee that it does not recommend to the WBO Executive Board that a direct return fight should be ordered pursuant to Rule 18.
